

NIHSA - Directions to Selby Bay Sailing Center

Print-friendly: [Directions to Selby Bay \(PDF-77kb\)](#)

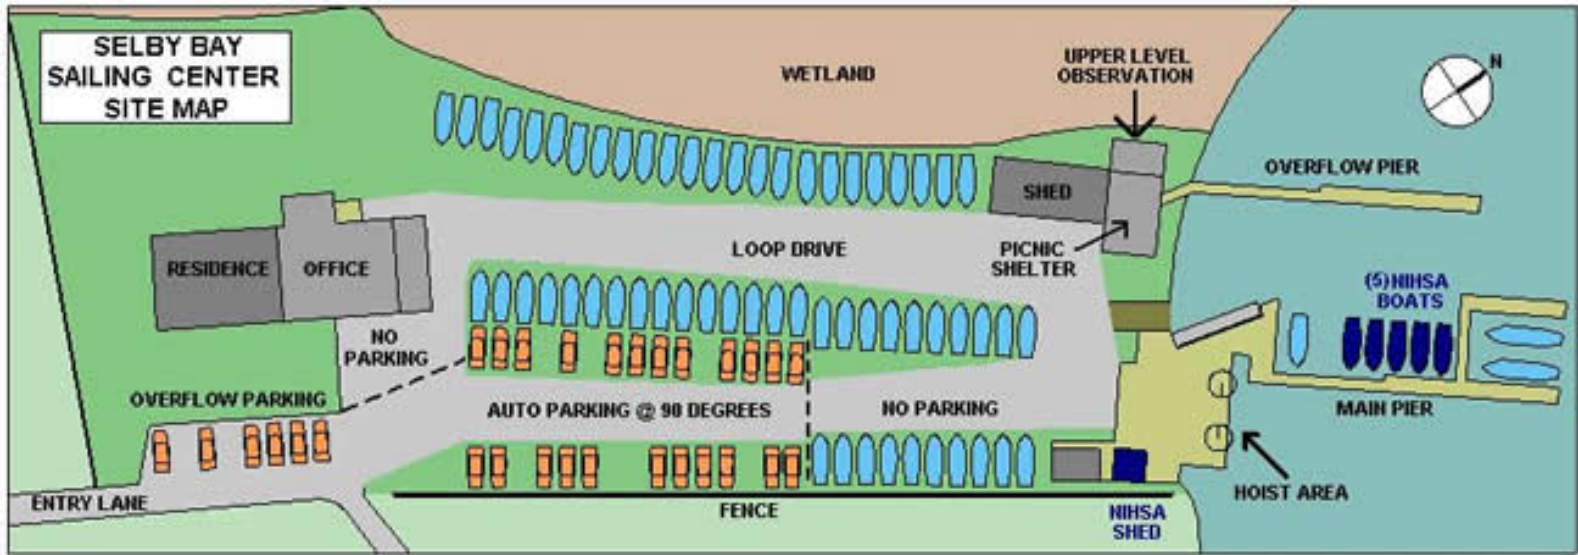

Driving time from NIH: one hour. Take the **Beltway** (495) east. Get off at Exit 19A, onto **Route 50** east towards Annapolis. After about 11 miles, exit onto **Route 424** south to Davidsonville. After about 4 miles, turn left onto **Route 214**. Go more than 4 miles (past Route 2 and Route 468) and turn left onto **Turkey Point Road** at the sign "*To Old Turkey Point Road. Turkey Point Road.*" (If you get to the Old Stein Restaurant and the Mayo Post Office on the right at Carr's Wharf Road, you have gone too far.)

Once you are on Turkey Point Road, immediately take another left onto **Old Turkey Point Road**. Head toward the church with the white steeple. *Please slow down to 15 mph.* Bear right and go around behind the church by continuing to turn right onto the one lane road. Then turn at the first narrow lane to the left that is across from a grouping of mailboxes. *Be careful, there is no turnaround if you would happen to drive past the narrow lane on the left.* A blue house will appear on the left (This is the home and office of Selby Bay Sailing Center's owner, David Neff, 1032 Old Turkey Point Road, Edgewater, MD 21037.)

Once in front of David Neff's blue house, continue to the left onto the gravel and grassy parking lot. The sailing center is to the left side of the metal fence and beyond is the sailing center dock. Please see the Facility Site Map for car parking and the location of the NIHSA shed and boats. *No dogs are allowed at the Sailing Center.*

Follow this map once you get to Route 214 and Turkey Point Road
